

spp::malloc_chunk_header

```
graph BT; A[spp::malloc_chunk] --> B[spp::malloc_chunk_header]
```

The diagram illustrates a relationship between two C++ classes. At the bottom is a gray box labeled 'spp::malloc_chunk'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'spp::malloc_chunk_header'. This indicates that 'spp::malloc_chunk' inherits from or is a specialization of 'spp::malloc_chunk_header'.
